Greetings

from the chair of AAAH Steering Committee

" In recent years, AAAH is being well recognized regionally and globally.

With valuable supports from our partners; the GHWA, the RF, the WHO, the WB, and the CMB, we could successfully organize our 4th AAAH conference in Hanoi on 'Getting Committed Health Workers to the underserved areas' to strengthen our Human Resources for Health management capacity in the Asia and Pacific. WHO expert group on retention of rural health workers has agreed to add the spiritual dimension into their recommendations.

In this coming year, I would like to welcome our new AAAH member from Bhutan. The AAAH also looking forward for new partners to develop networks in building up capacity.

With our spirit and strength, we will gradually build up our 'social capital' and to work together towards better HRH management for better health of our people.

May I wish you all a very Happy New Year. "

Dr.Suwit Wibulpolprasert
