AAAH HRH Awards

The Global Health Workforce Alliance (GHWA) has announced a call for nominations of outstanding health workers and case stories. The Organizing Committee of the 5th AAAH Annual Conference came to the decision that it would be a good idea for there to be a regional level award which would be given at the Conference in Bali during October 4-6, 2010.

In order to create synergy with the awards given by GHWA, AAAH will select the individuals and case stories **nominated to GHWA before August 15, 2010**. AAAH will use the same selection and decision making criteria as GHWA. Please see the information at the following link for criteria, and requirements for the nominations.

<http://www.who.int/workforcealliance/forum/2011/hwhawards/en/index.html>

Again, in order to be considered for the regional AAAH HRH awards, please make sure nominations from countries are sent to GHWA by August 15.
