5-9 May 2008

Knowledge, Skills, Competencies and Tools learned from the Course

- How to do a framed/structured Country Situation Analysis based on existing problem analysis step by step.
- How to prioritize country key HRH issues including key result areas for our master plan (2010-2040) in phases.
- Based on these key result areas, how to formulate possible HRHMD strategies which are applicable to our country.
- Prepare an action plan using action plan matrix specifying therein how HRHMD systems/subsystems can be integrated in one overall HRH Master Plan.
- Regard tool, we have learned to utilize the Workforce Projection Tool (WWPT) and how the issues and challenges gathered into the software. We were also able to utilize on-hand use of the logical framework analysis along with development of project matrix. We have learned to fill up the process of different types of forms (Forms I, II and III) with narrative summary outputs, objectively verifiable indicators (OVI), means of verification (MOV), important assumptions/risks, etc.

The following modules and sessions we have participated in the Legend Villas, 5-9 May 2008, Manila, Philippines.
